SUMMARY

Junior Frontend Developer who recently completed a Frontend Development Diploma (October 2026). I build responsive web apps with React, TypeScript, and Tailwind CSS, with hands-on experience in Supabase authentication, cart and wishlist flows, drag-and-drop interfaces, and modular, clean component structure. Looking for my first role on a team where I can apply what I've learned on real products and keep growing through code reviews and mentorship.

SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React 19 (Hooks, Context API, React Router), Vite, Tailwind CSS, Radix UI, dnd-kit, Immer, Lucide React

Backend Services: Supabase (Authentication, user profiles)

Tools: Git & GitHub, Vercel, [VS Code, npm]

PROJECTS
